adf
architectsdatafile.co.uk

Architects' Datafile (adf) is a widely respected brand that has been providing UK architects with a wealth of news and information for almost thirty years. Launched back in 1994, adf solutions include print, digital, market research, and events.

adf celebrates a diverse array of projects from larger landmark projects to much smaller mainstream schemes which ensure all content remains relevant and topical to its entire audience - both big practices and small studios. Whatever your chosen form of media, adf can provide solutions to help you meet your needs.

Published by netMAGmedia, the team consists of a small, knowledgeable, committed group who are passionate about the importance of UK architecture in all its forms, and addressing the challenges it and the supply chain both face. The team is always on hand to advise on the best way in which you can meet your objectives and remain 'front of mind' with the adf audience.

MAGAZINE

The adf magazine is distributed ten times a year to an audited circulation of 12,500 and is only seen by individuals who meet our readership criteria; this means the magazine is targeted to the audience you're aiming to reach.

To qualify to receive a regular copy all recipients must either be an architect, or be a professional working within an architectural practice. The magazine is also available in a digital format to give readers an alternative to the traditional print edition.

adf's content is carefully planned and written to reflect the key issues for architects, whether it is presenting a major new project, or offering an opinion from, or about an individual practice.

Regular opinion slots from leading architects, as well as insights from across the architectural spectrum and practice profiles, help to ensure the magazine covers the widest range of architecture.

CIRCULATION IS AS SIMPLE AS 'ABC'...

It is important to ensure that your investment in marketing is not wasted and the only way to ensure this is to work with titles who can guarantee they reach who they say they do which is why adf is independently verified by the Audit Bureau of Circulation (ABC). Not all building industry titles are ABC Audited and are not, therefore, able to confirm that their circulation claims are verified by industry agreed standards... 'NO ABC, NO GUARANTEE'

REGULAR CONTENT

Site Lines • Ask The Architect • Practice Profile
Viewpoint • Project Reports • Features
Industry News • CPD Focus • Product News

PROJECT REPORTS

Our project reports are written by a member of our editorial team, and focus on the commissioning, design ethos of a project, including the design challenges and how they were overcome, and the built result. As part of celebrating the architects' involvement, we also like to include any innovative aspects of the project's design, and highlight sustainability elements and how the architect worked with the client.

VIEWS & INSIGHTS

adf's Views & Insights sections range from first-person comments on a key issue from architects to an architect's perspective at how a particular design challenge was solved in practice. We also conduct Q&A sections with an architect giving their personal take on their professional life as well as wider insights on design and architecture.

MARKET RESEARCH

GATHERING THE THOUGHTS AND OPINIONS OF THE UK ARCHITECTURAL COMMUNITY: INDUSTRY VIEWFINDERS

As part of netMAGmedia's research offering, adf has been increasingly harnessing the knowledge and views of its focused readership to produce 'Industry Viewfinder' white papers based on reader surveys. These are documents which contain unique insights and data on a wide range of topics that are currently fuelling debate in the industry, from Passivhaus to Part L. This audience research, providing real-world experience, provides us with the opportunity to better understand the needs of our readers and tailor our content accordingly.

Our Industry Viewfinder comprise a comprehensive summary of each project and provide an excellent **sponsorship opportunity** for any business wanting to gain additional knowledge, understanding, and competitive edge – all of which would prepare each sponsor for the following:

- Position themselves as experts – be a 'GO TO' BRAND when architects are choosing their preferred supplier
- Ensure a more effective marketing and communications strategy based on the findings
- Better serve your existing customers and pinpoint untapped market share and opportunities

If you'd like to find out more about which studies we're hosting this year, how to get involved and become a sponsor then please contact Anthony Parker.

BESPOKE TOPIC RESEARCH

Brand positioning, competitor awareness, and detailed knowledge of market perception and preferences are vital for success. Drawing on more than 30 years of industry experience, in partnership with established research agency Edge Insight, adf offers a selection of research options - Brand Tracker and Bespoke Topic Research, to assist advertisers in better understanding the architectural market.

BRAND TRACKER

Based on the views of a minimum 100 UK-based professionals completing an online self-completion questionnaire, Brand Tracker has been developed to better understand the perceptions of major players in the market. adf has access to key decision makers across the UK's architectural market which gives us the ability to reach and research their opinions on your behalf to help you:

- Establish awareness and usage of your brand in the industry and how this compares to competitors
- Understand the value that architects associate with your brand
- Determine the most valued attributes of your product

BESPOKE TOPIC

Our Bespoke Topic research gives you the opportunity to become the sole sponsor of a piece of expert research conducted around a 'hot topic': a pertinent issue of the moment within the architecture and construction industry. The findings from the research will provide editorial content for a feature in a future issue of adf magazine.

HOW WILL ADF'S RESEARCH SERVICES BENEFIT YOUR BRAND?

- Editorial feature on results branded 'in association with' your brand, including logo
- Links from online coverage to drive traffic to full results hosted on your website
- Your comments included in the feature article
- PDF of coverage and full results, example
- Opportunity to ask additional questions pertaining to your business with the results exclusive to you
- Opt-in leads from UK-based architects willing to be contacted

DIGITAL MARKETING

WEBSITE

architectsdatafile.co.uk is designed for architects – Content is added daily to the site, enabling visitors to keep up to date with the latest news, legislation development, CPD programs, case studies and much much more. It's no wonder that there's an increasing number of architectural professionals engaging with the site each and every day. With thousands of unique visitors each month the adf website architectsdatafile.co.uk provides the perfect companion to other elements of the adf brand. Enabling users to access content from their computers, tablets or mobiles when on the move. Display advertising opportunities are available on the home page and across the site. These opportunities can bolster brand awareness and ensure a valuable competitive edge.

PODCASTS

In a constantly changing environment in which content is consumed in so many different ways, our collection of podcasts enable adf readers to stay informed and keep up-to-date with changing trends and topical issues.

Published via netMAGmedia's Building Insights brand, our collection of podcasts are available through architectsdatafile.co.uk and through most podcast hosting platforms.

We can host a series of three '15-minute Q&A' episodes based around topics subjects pertinent to your business and solutions you provide. These can then be prompted across adf magazine, newsletters and social media.

Please visit www.netmagmedia.co.uk/home/podcast to listen to our podcasts.

ROUND TABLE EVENTS

Always looking for new ways to engage with our audience, adf now hosts round table events. With constant updates to building regulations, round tables are an ideal way to gauge industry concerns/problems, to future-proof your marketing strategy. Hosted by our Editor, James Parker, we ask a diverse selection of our readers to attend, providing us with insights across the full spectrum of our audience. Sponsoring a round table enables you to position your brand/company as a voice of authority within the industry.

Our round table Events are both informative and entertaining and are designed to give architects and suppliers the opportunity to discuss challenges and solutions across various topics – fundamentally, those issues that are currently fuelling debate within the Built Environment.

THIS IS YOUR OPPORTUNITY TO...

- Champion specific subjects, demonstrate thought-leadership, and become a trusted partner and network with.
- Align yourselves to our discussion – enabling you to position yourselves as a knowledgeable and authoritative source and a preferred supplier.
- Gain access to each speaker – an opportunity to network with other attendees, opening doors to new fruitful relationships.
- Ensure coverage and exposure via the resulting magazine/online article – providing a great branding opportunity.

Each round-table will normally consist of ten to twelve attendees and are hosted at a notable venue and chaired by a member of the adf Editorial Team.

On completion, the highlights of our discussions are made available through adf magazine, via the website and through our social media channels too.

To find out more about our forthcoming events please contact our Publisher, Anthony Parker on 07787 192812.

2024 FEATURES LIST

TESTIMONIALS

"ADF creates a maximum presence of our products on all channels. We also appreciate the good cooperation on a highly professional level. For this reason we have been choosing ADF for several years"

ELFI BÜCHE, MARKETING MANAGER, 3A COMPOSITES GMBH

"TLC PR has used Architects Datafile, and the whole stable of netMAGmedia for decades now. Never one to rest on its laurels, the magazine, and the group, continues to deliver top-rate editorial, opportunities and research that cement its leading position in the architectural media"

TRACY TWITCHIN, DIRECTOR, TLC PR LTD

"The research opportunities that netMAGmedia and ADF have introduced over the past couple of years have proven to be an incredibly useful resource for us; enabling us to gauge the knowledge levels and opinions of architects across a range of topics. Understanding this has allowed us to ensure we are in a position to support studios and practices with the right level of technical support and advice on the glazing specification for projects that we are working with them on"

DAVID CLARKE, MARKETING MANAGER, ID SYSTEMS

"Architects Datafile is a useful prompt on the latest project or manufacturers claiming solutions with green credentials, that won't normally appear in the green media magazines"

BRIAN SPECMAN, ENVIRONMENTAL SPECIFICATION WRITER, GREEN BUILDING CALCULATOR

"Architects Datafile contains interesting and idea provoking articles with adverts relevant to the discipline"

BERNARD SAUNDERS, ARCHITECTURAL DESIGNER, CEDARWOOD DESIGN

"ADF has helped to develop and spread awareness of our brand from the very first moment we started advertising with them. Architect's Data File is a quality publication for generating brand awareness in the architectural community, and always keeps us abreast of the latest developments that could have a future impact on our business. They have a friendly service and team who really care about making your business get noticed and helping it to grow. We have seen an impact in the number of enquiries as well as in the number of our products being specified. The printed magazine is of an excellent quality too and is delivered in sustainable packaging"

KRISZTINA UTASI, MARKETING EXECUTIVE, WEDI SYSTEMS (UK) LTD

"The ADF newsletter is a great read and I get great information and ideas from its content"

ANDREW LOCKLEY, BUILDING CONSULTANT

"I am impressed with the quality of the articles and the photography. It is vital that architects are aware of projects here and abroad"

RONALD J.M. HUNTER, ADVISOR TO GRAVEN, GLASGOW, ARCHITECTS AND GRAPHICS DESIGNERS

"ADF provides good visibility towards a wide public of professionals in the building sector"

DARIA BARBIERI, MARKETING MANAGER, RENOLIT IBÉRICA
