CIRCULATION IS AS SIMPLE AS 'ABC'....

It is important to ensure that your investment in marketing is not wasted and the only way to ensure this is to work

with titles who can guarantee they reach who they say they do which is why SBH is independently verified by the Audit Bureau of Circulation (ABC). Not all building industry titles are ABC Audited and are not, therefore, able to confirm that their circulation claims are verified by industry agreed standards. Remember... 'NO ABC, NO GUARANTEE'

INDUSTRY RESEARCH

GATHERING THE THOUGHTS AND OPINIONS OF THE UK HOME OWNERS AND INTERIOR DESIGNERS : INDUSTRY VIEWFINDERS

As part of ne**MAG**media's research offering, SBH has been increasingly harnessing the knowledge and views of its focused readership to produce white papers based on its Industry Viewfinder reader surveys. These are documents which contain unique insights and data on a wide range of topics that are currently fuelling debate in the industry, from Building a Low Carbon Home to Futureproofing your home. This audience research, providing real-world experience, provides us with the opportunity to better understand the needs of our readers and tailor our content accordingly.

Our Industry Viewfinders are a comprehensive look at key topics and provide an excellent **sponsorship opportunity** for any business wanting to gain additional knowledge, understanding, and competitive edge – this delivers a unique combination of benefits:

- Position themselves as experts – be a 'GO TO' BRAND when architects are choosing their preferred supplier
- Ensure a more effective marketing and communications strategy based on the findings
- Better serve your existing customers and pinpoint untapped market share and opportunities

If you'd like to find out more about which studies we're hosting this year, how to get involved and become a sponsor then please contact a member of our sales team.

BESPOKE TOPIC RESEARCH

Brand positioning, competitor awareness, and detailed knowledge of market perception and preferences are vital for success. Drawing on more than 30 years of industry experience, in partnership with established research agency Edge Insight, SBH offers a selection of research options- Brand Tracker and Bespoke Topic Research, to assist advertisers in better understanding the architectural market.

BRAND TRACKER

Based on the views of a minimum 100 UK-based professionals completing an online self-completion questionnaire, Brand Tracker has been developed to better understand the perceptions of major players in the market. SBH provides a platform to the UK's homebuilding and interior design market which gives us the ability to reach and research their opinions on your behalf to help you:

- Establish awareness and usage of your brand in the industry and how this compares to competitors
- Understand the value that architects associate with your brand
- Determine the most valued attributes of your product

BESPOKE TOPIC

Our Bespoke Topic research gives you the opportunity to become the sole sponsor of a piece of expert research conducted around a 'hot topic': a pertinent issue of the moment within the architecture and construction industry. The findings from the research will provide editorial content for a feature in a future issue of SBH magazine.

HOW WILL SBH'S RESEARCH SERVICES BENEFIT YOUR BRAND?

- Editorial feature on results branded 'in association with' your brand, including logo
- Links from online coverage to drive traffic to full results hosted on your website
- Your comments included in the feature article
- PDF of coverage and full results, example
- Opportunity to ask additional questions pertaining to your business with the results exclusive to you
- Opt-in leads from UK-based selfbuilders willing to be contacted
